CARRIER OBJECTIVE:

Eager to begin my journey as a front-end developer by turning ideas into clean, user-friendly websites. I aim to grow by learning from real-world challenges and contributing positively to a creative and collaborative team.

SKILLS:

Hard Skills:HTML5, React JS, CSS3, JavaScript,GSAP,Framer Motion, MySQL, Git & GitHub, VS Code.
Soft Skills: Teamwork, Time Management,Adaptability.

PROJECTS:

Booknest (Online Bookstore Platform)- https://booknes-t.netlify.app/
Tech Stack: HTML, CSS, JavaScript, Bootstrap, MySQL
Designed and developing a responsive book-buying platform with user authentication, product listings, and secure checkout.

Portfolio Website – https://my-portfolio-phi-murex-78.vercel.app/
Tech Stack: React JS, Framer Motion
Created a modern, multi-page portfolio website showcasing personal introduction, skills, projects, contact form, and responsive layout. Deployed live using Netlify.

EclatEssence Perfume Website -https://eclat-essence-perfume.vercel.app/
Tech Stack: HTML, CSS, JavaScript,GSAP
Developed a dynamic perfume website showcasing various fragrance collections with detailed descriptions, user reviews, and a responsive layout. Integrated a shopping cart and order management system using PHP and MySQL, allowing users to browse, purchase, and download digital receipts seamlessly.
